The Proposal will be the basis for contract negotiations and ultimately for a signed contract with the selected Firm.

1.3 The Assignment shall be implemented in accordance with the phasing indicated in the Data Sheet. When the Assignment includes several phases, the performance of the Firm under each phase must be to the Client's satisfaction before work begins on the next phase.

1.4 The Firms must familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and on the local conditions, **Firms are encouraged to pay a visit to the work site/Client** before submitting a Proposal, and to attend a pre-bid conference if one is specified in the Data Sheet. Attending the pre-bid conference is optional. The Firm's representative should contact the officials named in the Data Sheet to arrange for their visit to site or to obtain additional information on the pre-bid conference. Firms should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

1.5 The Client will provide the inputs specified in the Data Sheet, assist the Firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.

1.6 Please note that (i) the costs of preparing the proposal and of negotiating the contract, including a visit to the Client, are not reimbursable as a direct cost of the assignment; and (ii) the Client is not bound to accept any of the Proposals submitted.

any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Firms shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of the Client.

It will be the exclusive decision of the Client whether or not to have the downstream assignment carried out, and if it is carried out, which Firm will be hired for the purpose.
